Mrs. George Barber Denies Acquaintance With Peter Bender, Likely to Die.

MORRISTOWN, N. J., August 6 .-The mystery surrounding the shooting early today of Peter Bender, insurance agent with offices in New York, Chicago and Detroit, who was found on the lawn of Mrs. George Barberis estate, the Oaks, near here with a bullet lodged just below his neart, remained unsolved tonight.

The theory of attempted suicide was upheld on the ground that a pistol with one cartridge discharged was found beside Bender, and Dr. Clarence A. Plume declared Bender had admitted attempted suicide when first found. Bender later refused to dis-cuss the shooting and tonight he un-derwent an operation at a hospital. His chances for recovery were slight.

Letters Found in Rooms. Letters Feand in Rooms.

In Bender's rooms at the McAlpin Hotel, New York, where he was registered, were found letters purporting to be from Mrs. Barber, although she denied that she had any knowledge of him. She declared the first she had ever heard of him was early today, when a servant awakened her to tell her that a strange man had shot himself on the lawn of her home. She said the finding of letters presumably from her in his suite was "very strange."

Among his effects was also a passport bearing vises for many countries.

It was learned from servants at the Barber home tonight by County Detective Brennan that Bender had called there several times last night, attempting to gain admittance. Mrs. Barber, however, refused to see him, the servants said.

Lives Apart From Husband.

Persons living near the Barber estate said they knew little of Mra. Barber. It was learned, however, that she and her husband have been living apart for five or six months. Mrs. Barber said her husband died in Bennington, Vt., last Monday, and that she had sent his body to be cremated. Neighbors said Mrs. Barber seldom mingled with those who lived near her, but that she entertained quite often.

Although Mrs. Barber said that she had never known Bender. Dr. Plume, who was called shortly after the man was found, said she identified him when he arrived at The Oaks. She refused, however, to give any other information, and Dr. Plume said Bender, whow as conscious when he arrived, gave no sign of recognition of Mrs. Barber, nor she of him, other than to tell who he was.

Dr. Plume said he was awakened by a telephone call from Mrs. Barber, who said a man was calling for help on her lawn, and when he arrived Mrs. Barber went with him to the spot where Bender was found.

Attempt to Free 16-Year-Old Negro Charged With Violation of Contract Fails.

ATLANTA. August 6.—A writ of habeas corpus, asked for by Hooper Alexander. Elber this fear Samuel H. Sibley this after

The boy was held by the Atlanta police on a warrant sworn out against him by L. E. Millsaps of Pike county, who charged the negro had obtained advance money from him for some work and then left the county without carrying out his contract.

Judge Sibley held that in the Judge Sibley held that in the absence of any evidence of peonage the federal court had no jurisdiction over the validity of a state warrant, and ordered the negro remanded to the custody of the sheriff of Pike county. Mr. Millsaps testified he did not want the boy to work for him again, but only wanted him returned to Pike county for punishment for violation of contract.

FIGHT IS CONTINUED ON FROSTBURG COUNCIL

Committee of One Hundred Declares It Will Not Be "Bluffed."

Special Dispatch to The Star.

FROSTBURG, Md., August 6.—
Members of the committee of one hundred say they will not be "bluffed" by the resolution of the city council challenging citizens to prove that lawlessness exists, and they will continue their investigations with the view to presenting facts to the October grand jury. An investigating committee was appointed this week to seek evidence against persons selling liquor in Frostburg. After securing such evidence those on the committee will voluntarily appear before the grand jury. A delegation of women was admitted to membership in the committee of one hundred, which says it will fight to bring about improved conditions.

It is claimed that there has been practically no let-up in bootlegging and that several prominent places on the main street are operating. One place is said to get \$1 a drink or \$5 a half-pint, \$10 a pint, or \$20 a quart.

The council refused to pass an

Will Resume Tomorrow, Grievances Being Referred to

LANSFORD, Pa., Auguet 6.—The strike of approximately \$.000 mine workers of the Lehigh Coal and Navigation Company in the Panther Creek valley, which began last Monday, came to an end today, when the grievance committee of No. 6 colliery and the executive board of the United Mine Workers in the valley decided to send the men back to work Monday morning, with the understanding that the grievances which caused the suspension shall be taken up by the anthracite conciliation board. The decision was reached after a conference with the superintendent of the coal company, who agreed to submit the issue to the conciliation board. The strike was due to a dispute over rates to be paid for certain kinds of work, it was said.

Efforts are being made by officers of the United Mine Workers in the Wyoming valley to settle a strike of 4,000 men of the Lehigh Valley Coal Company, which began yesterday.
